

Equipment List for Rabbit Pass Trek - 4 days

Summer weather is usually quite warm on Rabbit Pass. However, it is a remote mountain route and winter type conditions can happen any time of year. Required clothing can vary somewhat according to the time of year or the current weather. It is unsafe to attempt routes such as Rabbit Pass unless you are properly prepared, and you will be required to have the proper protective clothing before you can begin your trip.

Our fixed camps are stocked with cooking equipment, food, tents, sleeping bags and sleeping pads, so you only need to carry your personal equipment, including a sleeping bag liner. All food is supplied. On most days there are unavoidable river and stream crossings, so it is likely your boots will get wet and stay wet.

Below is a list of required equipment. Further detail is available in the equipment detail information accessed from the [Rabbit Pass](#) page on www.aspiringguides.com. If you have any questions about the clothing list, please be sure to contact us at climb@aspiringguides.com.
