

## Equipment List Aspiring Glacier Expedition and Mt French Trekking Peak - 3 days

---

Summer weather is usually quite warm. However, this is a remote mountain route and winter type conditions can happen any time of year. We can only attempt this route if everyone has suitable protective clothing. Your guide will do a comprehensive gear check at your pre-trip meeting. You will need to carry your personal gear (including ice axe and crampons) and will be asked to assist in carrying food and group gear. Many people prefer to use their own sleeping bag and backpack, or if you wish you can hire them from us.

Both trips are based out of huts where mattresses and cooking equipment are supplied.

Below is a list of required equipment. Further detail is available in the equipment detail information accessed from the [Aspiring Glacier Expedition](#) or [Mt French Trekking Peak](#) pages on [www.aspiringguides.com](http://www.aspiringguides.com). **We supply all technical gear such as harness, ice axe and crampons. Feel free to bring your own if you like.** If you have any questions about the equipment list, please be sure to contact us at [climb@aspiringguides.com](mailto:climb@aspiringguides.com).
